# Engineering Competition

Most Accurate Noninvasive Glucometer

- Design and Build the Most Accurate Noninvasive Glucometer Sensor
- Interface with an Adafruit Feather Microcontroller
- Develop an Arduino Library to use the Sensor

First Place Wins $1000

Register Before Nov 1, 2024
Sensors Completed by Nov 30, 2024
Sensors Evaluated Dec 1 – Jan 31
Winners Announced Jan 31, 2025
